Volume 2

Professor Vaughan Black

Fall 1988

We are grateful for the help that has been given over the years by Alice Ng, who worked on revisions of these materials for thirteen years. That she is now in business for herself may say something about the stamina required in that task. We are also grateful for the help of Nina Lester and of many other students over the past several years in the constant revisions in the organization and text of these materials.

For the first time these materials are showing the results of the work and interest of Professor Vaughan Black of Dalhousie University, who is sharing the task of making these materials ready for publication.

These materials are for use by students in the Faculty of Law, University of Toronto and Dalhousie Law School and by students in other universities to which these materials have been distributed. The materials are not otherwise for publication or commercial sale. All rights reserved.
